

XMOLDS LLC

- ◎ Over 24 years in Injection Molding, Mold Making, Product Design and Development of Plastic Parts
- ◎ End to end solutions from concept to product.
- ◎ Belief in continual improvement.

Our Location

OUR VISION

To be a Full Solutions Provider in Mold Making, Mold Repairs and Product Development

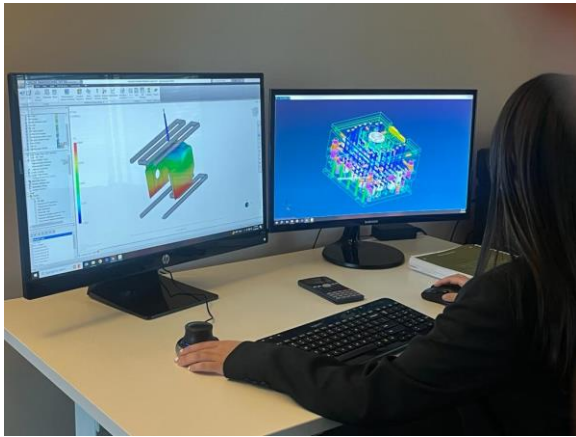

OUR MISSION

To be positioned as a **World-Class** partner in plastic products and related tooling

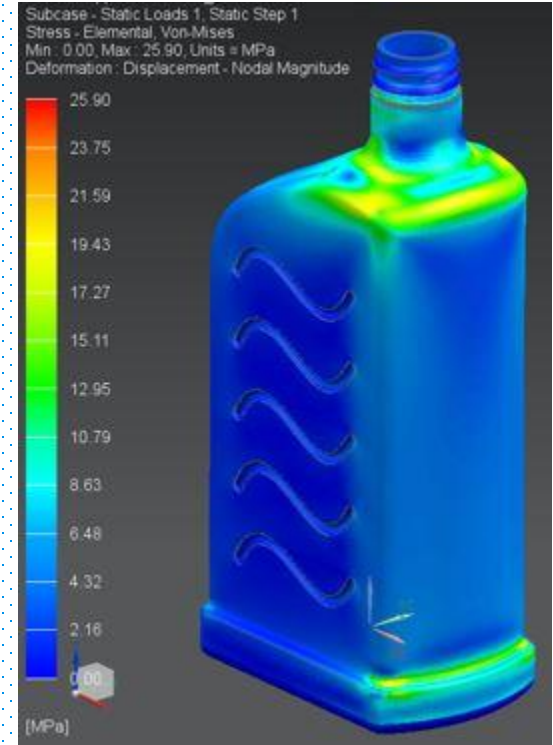

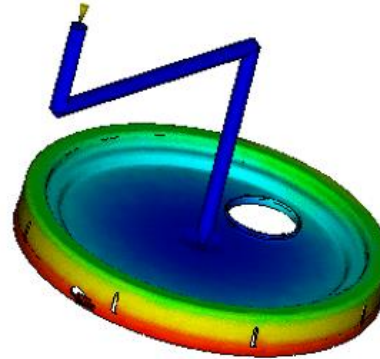

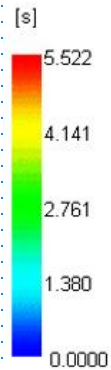

Services

- Product Design and Development
- Advanced FEA Simulations(Moldflow&Nastran)
- Prototype Molds
- Injection Molding Production
- Reverse Engineering, Laser Scan
- Mold Repairs, Maintenance and Refurbishment

Product Design and Development

Fill time
= 5.522[s]

Injection Molding Production

Injection Molding Machines

90Ton, 220 Ton

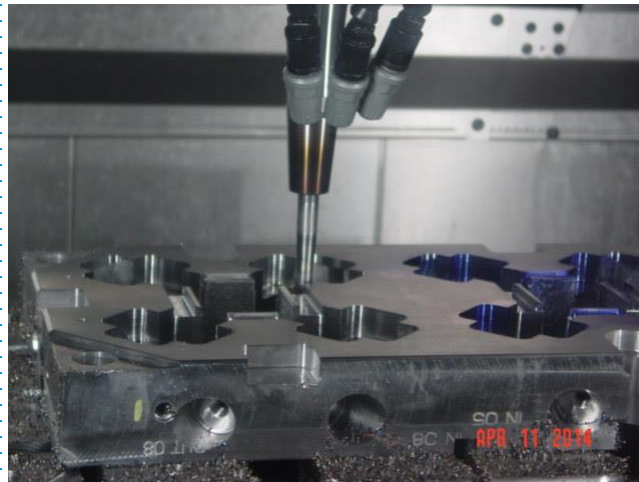

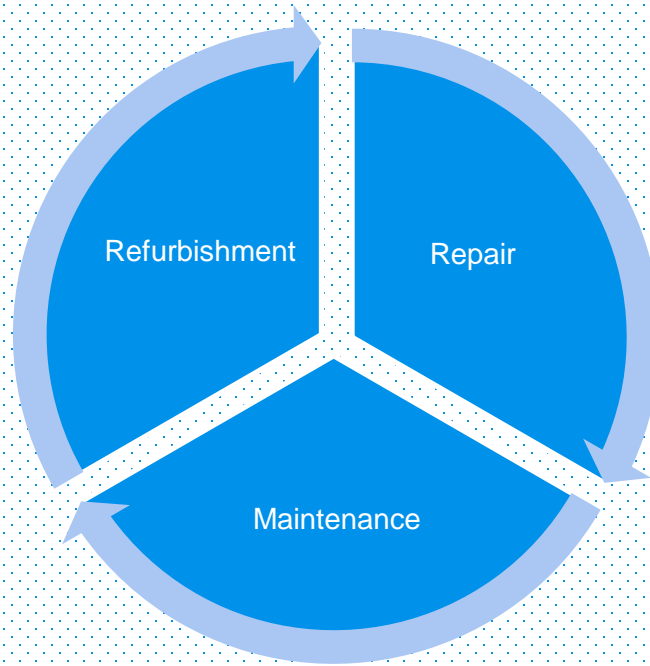

Capacity to handle up to 3Ton Tools

Resins

- ABS (Acrylonitrile Butadiene Styrene)
- Acrylic (PMMA)
- HDPE
- PP
- PE
- PS
- SAN (Styrene Acrylonitrile)
- POM (Acetal)
- PBT
- PBT/PET
- PC
- PA
- TPE
- TPE/TPU
